A Contrastive Analysis Of French

Unlike French, English syllables, according to Valdman (1976; 86), usually end with a consonant rather than a vowel.

Contrastive analysis would predict that French speakers may have trouble pronouncing syllables or words that ended in consonants because most of their words end in vowels. Although they do have syllables that end in consonants, this 7

Second language acquisition. Contrastive analysis was used extensively in the field of second language acquisition (SLA) in the 1960s and early 1970s, as a method of explaining why some features of a target language were more difficult to acquire than others. According to the behaviourist theories prevailing at the time, language learning was a question of habit formation, and this could be ...

Contrastive linguistics emerged as a major subfield of applied linguistics in the 1940s and consolidated quickly throughout the 1950s and 1960s. When it became clear that contrastive linguistics was not going to provide the foundation for a comprehensive theory of foreign-language learning, the field started showing signs of strain.
