Mergers & Acquisitions

In corporate finance, mergers and acquisitions (M&A) are transactions in which the ownership of companies, other business organizations, or their operating units are transferred or consolidated with other entities. As an aspect of strategic management, M&A can allow enterprises to grow or downsize, and change the nature of their business or competitive position.

Mergers and acquisitions - Wikipedia

There are, of course, political, regulatory, and other barriers to contend with, especially in the case of full-scale consolidation through mergers or acquisitions. Deals involving national carriers are often subject to restrictions, limiting in some cases the full synergy realization that could justify a potential deal.

Consolidation in Europe's Airline Industry

Mergers, acquisitions and divestitures all involve a structural change to an underlying business form of at least one company through the purchase or sale of an entire company or its parts. These procedures may occur with the acquiescence of both parties or may involve the absorption of an unwilling business.
