Natural Beekeeping: Organic Approaches to Modern ...

foundationless beekeeping Our goal is to provide the bees with a good environment in which they can thrive mostly on their own. In our opinion, the best environment is a hive with natural comb such as a top bar hive, Warré hive, or a foundationless Langstroth hive. We go foundationless for 3 main reasons:

A Natural Beekeeper's Approach to Modern Apiculture

Natural Beekeeping: a bee-centric approach Simply put, natural beekeeping is the practice of managing a bee colony as a whole, in a tree hollow or, more often, a simulated tree hollow. The term 'natural beekeeping' is, however, an oxymoron in some ways – in the same way that 'keeping' any wild thing is.
