working knowledge of the following: The principles and customary practices of your business area. Computer desktop application usage and terminology. This documentation assumes familiarity with the Oracle E-Business Suite.

## **Oracle Application Framework Personalization Guide**

Oracle E-Business Suite applications are currently shipped with Oracle's corporate Browser Look-and-Feel (BLAF), which supplies a rich set of components for web-based applications. Although OA Personalization Framework provides you with the ability to change the look of a page by changing user interface (UI) component properties, adding UI components, and so on, it does not allow you to create and apply an entirely new Look-and-Feel to an application.
