Amazon.com: Customer reviews: Space Mission Engineering ...

As we define it, mission (and systems) engineering is the process that takes a set of broad objectives and constraints and then proceeds to define an affordable space system to meet them. SSD can support the entire space mission analysis and design process, and can also provide support in more specific areas such as:

Mission Engineering | Microcosm - smad.com

Space Mission Engineering: The New SMAD 5-day short course (38 instruction hours) The original Space Mission Analysis and Design (SMAD) Course has been taught by Dr. James Wertz, the co-editor and principal author of the course book, for more than 15 years.

Courses | Microcosm

Anyone studying space engineering knows that SMAD is the bible for us!! I ordered this book for my Masters course and have enjoyed reading it even out of University times. Great aid for newbies but also technical enough for more advanced readies.
