The Biggest Estate on Earth, How Aborigines Made Australia ...

The biggest estate on earth: how Aborigines made Australia December 7, 2011 2.34pm EST Indigenous Australians systematically burnt grasslands to reduce fuel and stop fires raging out of control.

The biggest estate on earth: how Aborigines made Australia

The Biggest Estate on Earth is meant to prove how persuasive the visual and documentary record on the impact of Aboriginal land management ultimately is. This book, though, is much more than a rigorous defence of an established argument, meaning its impact on the debate concerning burning and grazing regimes in bushfire-prone country may prove surprising.

‘The Biggest Estate on Earth’ by Bill Gammage | The Monthly

The Biggest Estate On Earth review by Timothy Neale. Many of the eccentricities of Bill Gammage’s new book concerning ‘how Aborigines made Australia’ became explicable to me only at the end of the main text when his secret interlocutors were revealed. In the first appendix the author tells of an exchange in 2008 about a talk on Aboriginal fire management he prepared for, but never delivered to, staff and students at the University of Tasmania.

The Biggest Estate On Earth review by Timothy Neale - Arena

Instead, they attempted to transplant the British way of life onto a continent for which it was unsuitable. In his book, The Biggest Estate on Earth: How Aborigines Made Australia, Gammage focused on the first century of the colony (1788-1888), an era he refers to as “1788” in the text.
